RE: CANCELLATION OF THE ANNUAL CHIMA CONFERENCE

Dear members:

Last year it was announced that CHIMA would not be holding their annual CHIMA convention as they had always done in years past. This decision had struck a cord with the members of the executive and we felt that we wanted to express our concerns to CHIMA regarding this. To that end I drafted a letter which was amended and approved by our other executive members and sent off.

We did receive a reply from CHIMA.

Because the executive felt it was important to keep our members informed of this I have attached both of these letters to this communication. If you have any questions or concerns regarding these letters please contact me by email at kathy.braaten@saskatoonhealthregion.ca.

Sincerely,

Kathy
